Each color plate on a 9½ X 13" mat.
Enclosed in a Cellophane Envelope.
Cost 26¢ each -
Sell at 49¢ to 79¢ each.
Profit - 50% to 100%.

The original paintings
are valued in excess of
three million dollars.

It has been found that
people who buy plants
and flowers would like
to purchase these prints
for their home use (they
buy their own frames).

We have worked for a
long time with publishers
to make these pictures
available so that you can
retail them at 49¢ each
(they may sell for 69 -
79¢ each depending on your
judgment) and they cost
you but 26¢ each. (50-100%)

The pictures have been
taken from a book which
costs \$10 alone.

Each colored picture is
fastened to a mat 9½ X 13"
and individually enclosed
in a cellophane wrapper.

I like the pictures myself.
I have worked on it for
sometime and investigation
shows that they will sell.
